**F.C.C. QUARTERLY ISSUES/PROGRAMS REPORT**  
**Quarter3, 2008**  
**(July 1-September 30, 2008)**

**ELEVEN ISSUES IDENTIFIED**

**1. COMMUNITY VALUES/DEVELOPMENT & MENTORS.**

**\*NEW Filming for the movie "Public Enemies" brought attention to Oshkosh as it was temporarily "remodeled" to appear like Chicago 1930's. The economic impact on Oshkosh is very positive.**

**\*Main focus this quarter is community expansion & improvements. Ex: DePere completed the main bridge connecting east & west sides of DePere.**

**\*Project Promise formed to educate the Appleton Valley communities that poverty exists in the Fox Valley & to find solutions to the problem.**

**\*Mayor Schmitt brings community groups together to give Green Bay an image makeover, to include but not focus on the Packers.**

**\*Revitalization of Green Bay's downtown business district is evident, including plans to continue to replace present buildings with attractive housing for residents and community parks, and new businesses.**

**\*City officials and residents debate city council proposed ruling on where re-habilitated sex offenders can live within the city limits.**

**\*Green Bay City officials and residents debate city council proposal the eliminate St. John's church as refuge for Homeless within the city limits.**

**2. CRIME/VIOLENCE, Including Law Enforcement and Protection**

**\*Violence in schools and community businesses this quarter have affected residents and law enforcement officers.**

**Law enforcement, education administrators & counselors, parents, students are all on alert and working to provide protection. (1)Three students at East H.S. in Green Bay appeared in court and sentenced to prison. (2) A Green Bay man was fatally shot (Ben Sonnenberg) by Police in an emergency call to a Green Bay bar on April 21st.**

**\*Home burglaries and retail burglaries increased throughout Green Bay area. Neighborhood groups are formed to work together to stay alert to report suspected criminals. Businesses band together also to help one another.**

**\*Bomb threats in schools continued in elementary, secondary, and universities. All buildings were secured by police without violence.**

**3. EDUCATION**

**\*NEW Forty-four school districts in WI went to voters with referendums for additional buildings & operations, all spurred by state govt. funding cuts. Oshkosh asked voters to approve a \$26.3-million referendum to close two schools, build a new northside elementary school & renovate the Merrill school building.**

**\*Support for public education was provided through the following two programs, specifically completed through WLUK-TV and community groups.**

**\* The “Golden Apple Awards” project began and students nominated teachers eligible to win the Golden Apple Award. WLUK-TV will air a one-hour program in April 2008 recognizing the 7 finalists.**

**\*University of Wisconsin-Green Bay improved education curriculum by offering a new major in Native American History.**

**\*Homeland Security changes were adopted by local schools, following the series of gun shootings in Green Bay, and other area incidents. Three East H.S. students were apprehended & jailed following a tip from another East High School student. School doors are now locked, with only a main entrance open to the school.**

**\*Area Schools are forming groups called SERT (School Emergency Response Teams) to face issues of security and student safety due to the increase in bomb threats at area elementary & secondary schools.**

**\*Costs increase in education, and often that is passed to the families. Example: Univ. of Wisconsin-Madison increased tuition. Univ. of WI-Green Bay reduced total enrollment in their facility; and increased tuition cost for out-of-state students.**

**4. ENVIRONMENTAL CONCERNS**

**\*Wind turbine farms continue to cause citizen concern. The proposal by Glenmore Town Board to add 8 new wind turbines in the town brought many citizens to town meetings. Residents are concerned about environmental noise, wildlife disruption & property value. Others promote the business interest based on environmental advantages.**

**\*Dead fish in Outagamie County waters brought the DNR and local boating facilities to take measures to prevent the spread of the VHS fish disease. Boaters are required to clean their boats & equipment after each use to prevent the spread of the virus.**

**\*Fox River Clean-up in Brown County continues to be a concern. Green Bay legislators Montgomery & Cowles support the U.S. EPA in their revised plan to clean up the PCB materials in the Fox River. The EPA is expected to issue a final decision on the clean-up in the near future.**

**\*Due to severe weather conditions, snow & fires & tornadoes & flooding damaged homes and businesses in the area during Qtr 2, 2008.**

## **5. FAMILIES, INCLUDING CHILDREN & TEENS**

**\*Families welcomed home soldiers from their tour of duty in Iraq. The 1157th Infantry returned Oshkosh. Hundreds of area residents honored Capt. Kevin Kryst, West Bend pilot killed in Iraq. He was the highest-ranking Marine from Wisconsin to be killed in the Iraq war. He had returned to Iraq earlier in January for his second tour of duty. In Kenosha Sgt. Robert Basham was honored & his family received his medals for service to his country. Company Charlie of the 121<sup>st</sup> Field Artillery unit returned home to Oak Creek, WI on 7/19/07.**

**Gas prices continued to rise, and predicted to reach \$4/gal by summer. Families have curtailed their vacation plans based on fuel costs.**

## **6. GOVERNMENT PROGRAMS & ACCOUNTABILITY**

**\*Northeast Wisconsin residents listened intently to newly sworn in Governor Jim Doyle as he visited communities in Wisconsin.**

**\*President Bush continued holding press conferences to outline concerns & planned solutions to eventually bring U.S. military troops home from Iraq. Negotiations continue with North Korea to stop nuclear threat.**

**\* President Bush spoke further about military plans to accomplish control in Baghdad, and acknowledged plans to slowly withdraw American troops in Baghdad.**

**\*President Bush signed legislation to give employees a better chance of getting retirement benefits they have earned from companies. It does, however, recognize gradual disappearance of pensions in favor of savings accounts controlled by individual workers.**

## **7. HEALTH CARE/ISSUES/NEWS & REFORM**

**\*Families across North America were shocked to find out about more product recalls. Millions of containers of cat & dog food sold at major retailers across**

North America had to be recalled due to adulterated wheat gluten found in all pet food distributed by Menu Foods. Federal testing found a chemical used to make plastics as well as rat poison. Reports included 14 pets died from eating the pet food.

\*Major retailers pulled more than 30-million toys from store shelves based on health hazards reported from the lead-based paint. Additional recalls involve construction of furniture, such as baby cribs, which can injure infants.

\* Food recalls of ground beef alerted families to food poisoning. Peanut butter was pulled due to salmonella-infected jars.

\* Drug issues included the heparin issue, and the massive recall of toothpaste which contained a type of antifreeze.

\*New Healthcare facilities this quarter included: Pilot Program through the U.S. government focuses on New Health Care System. Wisconsin may be one of the test sites for new program. NE Wisconsin Technical College opens a new clinic in Green Bay; it offers primary health care to uninsured citizens. St. Mary's Hospital in Green Bay opened a new facility with updated equipment to provide superior health care requiring surgery.

## **8. BUSINESS & NON-PROFIT GROUP CONCERNS**

Small Businesses are merging with larger corporations. Financial banks are struggling due to increased number of house foreclosures and the general economic problems.

A few Wisconsin industrial employers have grown this year by providing new products. "Manufacturers News Inc." cites Wisconsin as bucking the national trend of losing manufacturing jobs. Example is Bayland LLC, turning tons of paper industry waste into building materials such as roof tiles, faux brick & panels.

## **9. MINORITIES, ELDERLY, WOMEN CONCERNS/CIVIL RIGHTS ISSUES**

\*On Tuesday, 2/26/08, Shawano Stockbridge-Munsee President Robert Chicks gave the annual State of the Tribes Address to legislators and state officials at the State Capitol. He represented the needs of the 11 Tribes in WI. This was well-received opportunity to strengthen relationship between tribes & the state in areas of health care, education, child welfare, & economic development.

\*Green Bay residents involved in the major concern with illegal immigrants in the communities. Green Bay Council's decisions helped keep business owners accountable who knowingly hire illegal immigrants. Bar owners could lose their liquor licenses.

**\*Northeast Wisconsin Technical College is changing its face as minority numbers grow in the area. NWTC sees 11.5% increase in minority student enrollment. Black students on campus have smallest presence; Hispanic students comprise the largest minority group.**

**\*Bellin Hospital's Hispanic clinic was operating well to help community Hispanics. Aurora Hospital is setting up an emergency unit specifically oriented to meeting medical needs of minorities within Brown County communities.**

**Evidence of racial tension is shown in recent area Police Reports involving bars and restaurants in Green Bay/Appleton communities.**

#### **10. SUBSTANCE ABUSE, INCLUDING DRUGS & ALCOHOL**

**New Chief of Police, Jim Arts, began working on his Top priority in Green Bay, and that is to reduce the spread of illegal drugs in the community. And DePere School District adds a new provision – they will do random drug tests for all students in co-curricular activities.**

**Drugs in Schools are a problem. Nine Kimberly H.S. students were expelled after selling Adderall in School. Administrators are working to eliminate selling prescription drugs in schools.**

**TV ads will soon appear about the dangers of meth & its addictive nature to young people.**

**Federal Court orders cigarette companies to publish on labels and in advertisements the dangers of cigarette smoking. Referendums in Green Bay and Appleton were again proposed for city-wide smoke-free bars and restaurants, but not passed.**

#### **11. AMERICA AT WAR & INTERNATIONAL CONFLICT**

**3/11/08 – 8:20am-8:22am. The Award of Valor was given to Sgt. Monica Brown. She is only the second woman since WWII to receive this honor. She is the hero from TX & stationed in Afghanistan.**

**3/11/8 – 9:20pm-9:21pm. The 395<sup>th</sup> left their families in Appleton on Sunday, 3/16/08 to serve another year in Iraq. The latest explosion in Baghdad brought the death toll for American Military personnel to 4000.**

**\*Local families welcomed home soldiers from several units who served in Armed Services stationed in Iraq. Over 600 soldiers from the Nat'l Guard unit were reunited with their families.**

**\*The Mahdi Army cease-fire is seen as a major factor in the reduction of violence in Iraq. However, the failure of Iraqi troops to crush the militias has**

**embarrassed the govt. & raised doubts about the ability of the Iraqis to take over their own security so U.S.-led forces can go home.**

**\*U.S. air strikes near the Pakistan border have killed high-ranking members of the Taliban's southern military. U.S. officials consider this one of our major victories because it can disrupt Taliban offensive plans.**

**The nuclear threat by North Korea has all citizens alert to U.N. negotiations and the United States' position. President Bush talks with South Korea, China, Japan & Iran.**

**Local anti-war activists rallied in Downtown Green Bay to demonstrate against U.S. continued participation in Iraq war. Activists are members of the WI Green Party.**

**\*NEW The Paris' Olympic torch relay descended into chaos on April 7<sup>th</sup> as protestors scaled the Eiffel Tower, grabbing for the Olympic torch & yelling "Free Tibet". The anti-Chinese demonstrations to the Olympic torch bearers originate in the anger over China's human rights record, its grip on Tibet & support for Sudan despite years of bloodshed in Darfur.**

## **“FOX 11 LIVING WITH AMY”**

We have hired our producer, Jocelyn Berkhahn, and now we're focusing on plans. There will be weekly planning sessions. First up some discussion about refreshing the interview set in the studio.

**Launch date is September 29.**

While being produced within the news department, this is not a news program. It is similar to the production of the Donald Driver show -- not hard news/sports but still produced from within the news department.

I'm excited about this program. It offers us some new content opportunities.

Questions - let me know.

SUBJ: PROCEDURE FOLLOWED TO DOCUMENT  
"FOX 11 News" STORIES

It is my responsibility to archive all information, and print out a weekly log to be placed in the FCC Programs and Issues Report. Here is the procedure I follow.

Throughout the day, video is edited for "on-air" presentation, and then is sent to a server in the Newsroom.

Each Newscast is titled on the server and the video used "on-air" is compiled onto an archive tape.

A log is created for each archive tape. This log includes information relating to the show, video title, and length of each piece.

The rundown for each newscast is opened and the following information is listed: archive tape number, length of video, format, and a short description of the segment content.

This procedure must be done daily and in a timely manner to insure that video is retained and available for future use.
